

1. Replace the text "Limited version" with "Continue for free with limitations".
2. Example of the "7-day trial" toggle switch can be seen in screenshots 1.jpg and 2.jpg.
3. Button texts:
 - 1) When selecting a plan **without** activating the "7-day trial" option — button text: **"Activate Premium"**.
 - 2) When selecting the weekly plan and/or enabling the "7-day trial" toggle — button text: **"Start free trial"**.
4. On the "3 months" plan, add a label on the right side inside a bordered flag-style badge: **"Save 81%"**, and in parentheses show the equivalent weekly price for that plan — example in screenshot 2.jpg.
5. When the "Week" plan is selected **and** the "7-day trial" toggle is active, the card for that plan should display the label **"7-day trial"** inside it. Example in screenshot 2.jpg.
6. The word **Premium** should be inside a border with the same color as the confirm button, the checkmark circles in the "Premium" column, and the "Save 81%" flag. The color should be a **yellow gradient**.
7. The background of the screen can match the one used in the **purchase screen from the settings**.
8. In the lower text block, the phrase **"Subscription can be canceled at any time"** should be **bold**. Continue the text as follows:

"...in the Google Play Store. The weekly plan will automatically renew at €3.99 per week after the 7-day trial (if activated), and the 3-month plan will renew at €9.99 per 3 months. If canceled during the trial period, no payment will be charged. Subscription is not required to use 'Blur - Photo & Video Editor.'"
9. Add a subtitle under the main heading "Blur Videos Premium" — **"No limitations"**.
10. Add icons to the labels in the "Features" section. Example layout shown in screenshot 4.jpg.
11. Texts in the "Features" section:
 - 1) Blur filter (photo and video)
 - 2) Mosaic filter / pixelation effect (photo and video)
 - 3) Export in MP4 format
 - 4) Export in MOV format
 - 5) HD quality
 - 6) No ads
 - 7) Professional tools
 - 8) Access to all updates
12. The free version should be called **"Basic"** in the feature comparison table.
13. In the feature table, a **crown icon** should appear to the left of the "Premium" column title — the same crown as used in the "Subscribe" section of the app settings (see screenshot 5.jpg).
