Screen 1

1. Button text: "BLUR", with a colorful spot to the right (see *1.png*), in a contrasting color (e.g., white).
2. Bottom left - "BLUR" button; to the right - round arrow button ("Continue"). Example: *4.jpg*.
3. Text above buttons: "Blur out extra faces and details in your photo."
4. Highlight faces to blur in yellow using circular and square frames (see *2.jpg*).
5. After pressing "BLUR," replace the text with a circular arrow (see *5.jpg*) to allow reverting to the original.

Screen 2

1. Text: "Hide personal data with pixels." Use a credit card photo (see *7.jpg*).
2. Button text: "MOSAIC", with a small square-pattern icon to the right (see *9.jpg*), in a contrasting color.
3. Button and text placement matches Screen 1.

Screen 3 (optional)

1. Photo with a joystick along a center line (see *8.jpg*): left side "Original," right side "After" (blurred background).
2. Add hand animation below joystick (see *10.jpg*) to indicate swiping.
3. Text above button: "Blur the background - highlight the main." Only "Continue" button present.

Screen 4

1. Video demonstration of video blur (trimmed and cropped as described). Only "Continue" button present.
2. Text above button: "Blur everything unnecessary in videos – simply and quickly."
